The commission makes the award in repara just rates on anthracate between the northern anthracite field near Scran and tidewater at Perth Amboy

Reparation Exceeds \$60,000.

pending before the commission in vari ous forms for many years. The aggre gate amount of reparation so far granted against various anthracite lines exceeds

Still another method of attack against cated in the last issue of "The Black Diamond," a coal trade journal. This periodical says that the coal buyers of the nation, to avoid paying higher statement he says: prices, purpose to wait before closing their contracts until all the mines are in full operation once more, and then, when the mine owners are hungry for tonnage. to make an assault upon the market and beat down prices. It is the opinion of the editor, however, that any such plan triba is doomed to failure.

The rulings of the Interstate Com-Merce Commission are what the eight opulent anthracite railroads fear most. for it is in their freight rates on coulthat they hide the enormous profits they reap from their anthracite monopoly Harbor, and that the actual rates to the upper ports are \$160 and to the lower \$1.55, whether the coal comes from the

Northern, Middle or Southern fields. The railroad has two objects in charging these exorbitant rates on coal, which, to all intents and purposes, it has mined itself. It can show, as the Philadelphia & Reading Railway has attempted to, that the profits from the actual operation of mining the coal are the legation, and he will be received by announcement left no doubt of his belief meagre-that is, by taking money out of President Taft some day this week. the operating pocket and putting it into the transportation pocket, and riveting the attention of the public on the former, it can plead necessity for raising the price of coal.

Can Force Sale at Loss.

Second, it can beat the independent operator to his knees, and either make him sell out or enter into a contract to sell all his coal to the monopoly for 65 per cent of its value at tidewater.

The Interstate Commerce Commission, in its opinion in the Meeker-Lehigh case, boathouse of Fred Gegus, at 149th street him out. set forth this point clearly. The com- and the Hudson River, was drowned yes- The story that was going the rounds

the cost of carrying it to tidewater is \$1 a ton, it follows that the cost of coal at tidewater would be \$3 a ton.

But, as between the railroad company and its coal company. It matters not whether the profit comes from mining or transporting the coal. So, therefore, if, instead of the \$1 rate above mentioned, the railroad and its coal company were to establish a rate of \$1.50 a ton, standing a deficit of 50 cents a ton in the mining price and taking an equal profit in the transportation price. But the independent operator cannot recoup himself in this manner, and the best price that in the manner of \$1.50 or \$2.50, and he would enter the market at a disadvantage of \$5.00 or \$2.50, and he would enter the market at a disadvantage of \$5.00 or \$2.50, and he would enter the market at a disadvantage of \$5.00 or \$2.50, and he would enter the market at a disadvantage of \$5.00 or \$2.50, and he would enter the market at a disadvantage of \$5.00 or \$2.50, and he would enter the market at a disadvantage of \$5.00 or \$2.50, and he would enter the market at a disadvantage of \$5.00 or \$2.50, and he would enter the market at a disadvantage of \$5.00 or \$2.50, and he would enter the market at a disadvantage of \$5.00 or \$2.50, and he would enter the market at a disadvantage of \$5.00 or \$2.50, and he would enter the market at a disadvantage of \$5.00 or \$2.50, and he would enter the market at a disadvanta

It requires no extended argument to sustain the proposition that the maintenance of an unreasonably high rate operates to the advantage of the Lehigh Valley Railroad Company as a dealer in coal. This record shows that the only line of demarcation between the Lehigh Valley Railroad Company and the Lehigh Valley Railroad Company and the Lehigh Valley Coal Company is one of bookkeeping. Assuming, for the purposes of illustration, that the cost of carrying it to tidewater is \$1 at on, it follows that the cost of carrying it to tidewater is \$1 at on, it follows that the cost of carrying it to tidewater is \$1 at on, it follows that the cost of coal at tidewater would be \$2 at ton.

will perceive that it is not the part of a

The Presidential secretary, on leaving President Gomez had not received a reply from President Taft. He added that strong additional forces, under General Monteagudo, were proceeding to the front to-morrow.

The government had received asssurances that the strike along Havana Harbor front has been settled.

President Taft had retired last night before receipt of the news dispatches embodying President Gomez's message of protest against intervention by the United States in Cuba. It was believed, however, that the Gomez message, if received in Washington, had not yet been forwarded to the President here.

[From The Tribune Bureau] Washington, May 26.-Although the stage is set for intervention in Cuba should conditions continue to grow worse, the Gomez administration has informed the United States that only time is needed to crush the rebellion of the Some of them grabbed me around the blacks on the eastern section of the
